President's Message

Many chapters are starting the New Year with new officers. Your past president should have passed along the OGS Policy and Guidelines Manual (Blue Book) to the new president. Make good use of it! Included in the Blue Book are instructions on abstracting court and private records, cemetery inscriptions, and guidelines for publishing. It also contains information on OGS projects (ancestor cards, Bible and family records, FFO and tours).

One of the greatest assets of the Blue Book is the Speaker's Bureau which not only lists speakers from around the state with their topics, but also gives several useful ideas for programs. Another asset is the information provided concerning your tax obligations to both the state and the federal government.

Most chapters use Roberts Rules of Order as their parliamentary authority. Did you know that they also have the duties of officers as well as an "Order of Business" or agenda? You may want to refer to this, especially if you are reviewing your constitution/bylaws this year.

On schedule for 1992: OGS Convention, April 24-25, Kings Island, Ohio.

Barbara Reining will be taking the OGS tour to Salt Lake City in the fall. Watch for details.

Have you sent your membership renewal in?

Early Marriage Records to be Published

How many times have you wished you had a book of marriage records that covered more than one county? Having so many Athens County genealogical records indexed has spoiled me, for now I want all the indexes compiled into one wonderful book of ancestors.

Perhaps my idea of a one county book indexing everyone since the beginning is not possible now but that big marriage record index is not only possible, it is being compiled.

OGS is going to publish a book of Ohio marriages 1788-1820 and we will need a volunteer or volunteer team from each county which has marriages recorded before 1821. Many of these marriage records are already published and some may even be available on a computer disk we can use. We will work with IBM or IBM compatible and MacIntosh computers. We will want plain ASCII files - straight text. It is reasonable to expect one person to record the marriages and another to do the typing and still another to do the proofreading. We will interfile and alphabetize when all counties are finished.

If you would like to help with this project, please contact me for complete instructions. We think six months to completion is a reasonable goal. After all, we have 21 counties that weren't created until after 1820 so we are almost 25% finished already.

Please call or write: Beverly Schumacher, 8111 N. Coolville Ridge Road, Athens, OH 45701, (614) 593-6383.

Help Us Save Money!

Please check your address label. If there are not nine digits, please send us your nine digit zip code. This may be obtained from your local post office or by checking any of your utility bills.

Ninety-two percent of our members have sent us their codes but we need 96% of them to save money on mailing costs.

satisfied that the intention of marriage between such parties has been duly published and also that the consent of the parents or guardian has been obtained, either by acknowledgement in presence of such minister or justice of the peace, or by a certificate under the signature of such parent or guardian, and attested to by one or more credible witnesses...".

In summary, a license was not required in 1837 for a marriage, although the person who solemnized the marriage had to be licensed. If a license were obtained, it was issued in the county where the bride resided. There was no specified length of residence requirement to obtain license. The license was valid anywhere in the state, and thus the marriage need not take place in the county where the bride resided. NOTE: The change in the statute in 1880 provided for the probate court to issue license for marriage, but retained the alternative of publishing intention to marriage within the church.

COMPUTER GENEALOGY GROUP **MONITOR**

CONFERENCE AT WESTLAKE

The Computer Interest Group of the Cleveland District of OGS is completing plans for a conference and workshop on Saturday, March 21, from 10 a.m. to 3 p.m. at the Church of Jesus Christ of Latter-day Saints, 25000 Westwood Road, Westlake (Cleveland), OH. Speakers will be William Allen, Brian Harney and Harry Liggett. Participants are being asked for a $7 donation. Bring a brown bag lunch or have lunch at a local fast food restaurant. For more information, contact Marjorie Kern 216-467-5483, Carol Reed 216-331-6713 or Dr. James Bowman 216-381-2459.

CAPTURED FROM NEWSLETTERS

Mary Jane Henney, OGS trustee and co-chairman of the 1986 OGS convention, is keeping a check for COMGEN on interesting items found in chapter newsletters. Expect "Captured From Newsletters" to become a regular feature. Here are a few items:

The Muskingum, Muskingum County chapter: The November 1991 issue carried a list of government bulletin board systems and discussed a possible new local BBS. The Southeastern Ohio Computer Group which covers Zanesville District meets the first Saturday of each month at the Family History Center on Kearns Road. For information, contact Terry Klaiber, 160 Fairfield Dr., New Concord, OH 437862. Tel. 614-826-7348.

Government bulletin boards listed were:
- Office Automation (Suitland MD) Bureau of Census 301-763-4576. Access 24 hours a day.
- Dept. of Justice, Immigration & Naturalization 202-786-3640. Do not use midday.
- General Services Administration Info Resources 202-535-7661 Access 24 hours a day.
- Library of Congress 202-786-3640 Monday to Friday 7:30 a.m. to 5 p.m.

Tree Climber, Stark County Chapter: The November 1991 issue included an article by member Ed Wiley on buying a computer.

Hancock Co. Ohio Heritage: - Winter 1991 issue noted that progress on their obit/cemetery entry was slowed this summer when their computer began to run low on memory. Now, thanks to John Pahl, member, LeRoy Rupright and Findlay's Whirlpool Corp. they not only have more memory, but faster retrieval!

Delaware County Genealogist: The Oct. 1991 issue reported on a speech by Robert Curtner about his experiences with "add-on" utilities available for Personal Ancestral File. The Nov. 1991 issue had a column by Paul Clay about Compuserve and Prodigy and promised another column on Bulletin Board services.

National Capital Buckeye Quarterly: In the Fall 1991 issue, the editor suggested sending material to newsletter editors on disk for easier retrieval. The issue also mentioned a newsletter called ABT PAF for users of PAF. Annual dues to the Capital Personal Ancestral File User's Group, Inc., P.O. Box 177, Bowie MD 20719, is $15.00. They operate the CPAFUG Bulletin Board System (BBS) at 301-989-8960.

RICHLAND COUNTY CIG is reproducing the marriage records of the county for 1813-1870. More than half the data is already on disk. The group is so loyal that one member took her computer to Florida for the winter and has completed her section of the book.

A personal note: A number of persons bring their laptop computers to our OGS Library!

PRINTING 3 x 5 ANCESTOR CARDS

Ron Stroup, an OGS volunteer, has developed a program called Cards for printing 3 x 5 ancestor cards in the format preferred by the society. The program is for MS-DOS computers and requires use of dBase and also the Print Card program developed by OGS member Joseph R. Wood of Raytown, MO. Stroup's program can be copied for non-profit, non-commercial use. For information, contact Ron Stroup, 12 E. Madison Ave., Shelby, OH 44875.

FLORIDA BULLETIN BOARD TIES

The West Florida Genealogical Society at Pensacola, FL, has a separate area on the Mars Hotel bulletin board where members can discuss genealogy and send each other messages. The board also carries the genealogy echo. OGS members in the Pensacola area can check it out at 904-474-6423.

MACINTOSH INFORMATION NEEDED

COMGEN needs someone who is familiar with Macintosh computers to help write an article for OGS members who might be interested in purchasing a Mac for genealogical research. What are the different Mac models and what should a new user look for when buying one? If you can help, please contact us.

WHERE TO WRITE OR PHONE

If you have a question, need information or want to help us, write or call Harry Liggett, 544 N. Firestone Blvd., Akron, OH 44301-2254. Tel. 216-724-5808. SASE appreciated.

Questions and Answers

Answer: Thank your, K. William Bailey, Wayne County Probate Judge, for this answer. See C. Pate Webster's question in the November 1991 issue, page 160. He says the basic marriage law of Ohio remained unchanged from 1824 to 1880. The statute enacted effective January 6, 1824 provided the following:

1. Male persons over 18, and females over the age of 14, not nearer in kind than first cousins, could enter into marriage. Males under the age of 21, and females under the age of 18, had to have the consent of their fathers, or if he was deceased, of their mothers or guardian.

2. Marriages would be performed by an ordained minister of any religious society of congregation, who had obtained a license to perform marriages, or by a justice of the peace in his county.

3. Ministers had to produce, to the court of common pleas of any county in the state in which he officiated, "credentials" of his being a regularly ordained minister; the court could then issue a license to perform marriages within the state.

4. Every minister licensed to perform marriages was required to produce his license to do so the clerk of common pleas in every county where he solemnized marriages, the clerk was to enter his name upon the record of ministers; and to note the county from which his license was issued.

5. "Previous to persons being joined in marriage, notice thereof shall be published (in the presence of the congregation) on two different days of public worship, the first publication to be at least ten days previous to such marriage, within the county where the female resides; or a license shall be obtained for that purpose from the clerk of the court of common pleas where such female resides".

8. "That a certificate of every marraige hereafter solemnized, signed by the justice or minister solemnizing the same, shall be transmitted to clerk of the county wherein the marriage was solemnized, within three months thereafter, and recorded by such clerk...".

10. "That it shall be the duty of every minister or justice of the peace, before he shall solemnize any marriage between the parties, either of whom is required by the first section of this act to obtain the consent of his or her parent or guardian (except in the cases where license shall have been obtained from the clerk of the court of common pleas) to be

1991 OGS Newsletter Competition Information Sheet

Eligible Entries

The Ohio Genealogical Society Newsletter Competition is open to newsletters published by chapters of the Ohio Genealogical Society only. A newsletter is a publication of a chapter that includes information on meetings, activities of the chapter, and queries, as well as source materials. Newsletters bearing the dates January 1991 through December 1991 will qualify for this competition. Final determination of eligibility of an entry will be made by the newsletter judging committee.

Chapters winning last year will be ineligible this year, to encourage participation by new chapters.

Entering Your Newsletter

A chapter wishing to enter a newsletter into the competition must complete the entry form which can be obtained by sending a Self Addressed Stamped Envelope to The Ohio Genealogical Society. Submit the form along with two consecutive issues of the newsletter published in 1991. Entries should be mailed to The OGS Newsletter Competition, P.O. Box 2625, Mansfield, OH 44906-0625.

Deadline for Entries

The deadline for entries is February 20, 1992.

Divisions of Entries

Newsletters will be divided into at least three groups according to size of the chapter and frequency of publication. Other divisions will be considered depending on the number of entries.

Announcement of Winners

The winners of the competition will be announced at the annual awards presentation at The Ohio Genealogical Society Convention April 24, 1991, at Kings Island. It will also be announced in the May issue of The Ohio Genealogical Society Newsletter. The Board of Trustees will approve the list of winners. The winning editor will be notified in advance so that he/she can arrange to be present or have a representative present at the announcement ceremony to receive the certificate and to be in the group photo.

Awards to Winners

The winning society in each class will receive a certificate and the opportunity to have an article featuring its society published in the OGS Newsletter.

President's Message

The Board of Trustees meeting, scheduled for January 25, was postponed until February 1st, because of threatening weather conditions.

At the Board meeting, Mary Bowman completed her presentation on Grants.

In this issue of the newsletter are the ballots. There are three Trustees-at-Large, fifteen District Trustees, and ALL officers (President, Vice-President, Recording Secretary, Corresponding Secretary, and Treasurer). PLEASE VOTE - and return the ballots to OGS Headquarters by April 3, 1992!

Last month's Newsletter carried the registration for the OGS Convention to be held at King's Island April 24 and 25, 1992. Send your registration in now, if you haven't already.

Have you contacted Beverly Schumacher concerning the Index of Marriage Records project? She is Chairman of the committee to publish a statewide index to Ohio marriage records from 1788-1820. Her address is 8111 N. Coolville Ridge Road, Athens, OH 45701, (614) 593-6383. Contact her and let her know who in your county will be in charge. She would like to complete this project in six months.

The Leadership Seminar will be held in Hillsboro (Highland Co.) August 1, 1992. Mark your calendar and watch the Newsletter for further details.

The 1920 Census Fund Drive was successful and it is on order. Thanks to everyone who contributed.

Richard Abell was appointed chairman of the Library Advisory Committee, which will review various library activities and procedures in order to better serve our entire membership.

David Keck resigned as trustee and chairman of the Long Range Planning Committee. His resignation was accepted with regret. Julie Overton was appointed chairman to fill this vacancy.

Richard Abell made a motion that Jeanne Pramaggiore and Julie Overton serve as delegates to the Great Lakes Conference. Their term will end after the conference in August 1994.

Jeanne Pramaggiore, President
Ohio Genealogical Society

Help Us Save Money!

Have you sent us your 9-digit zip code? Please check your address label on this newsletter now. If the 9-digit zip is there, great! Thank you! If it is not, please send it to us on a postcard or in a brief letter. We have used the Coding Accuracy Support System certified software, but it could not match many addresses. We need 96% of our bulk rate mail to have 9-digit zip codes in order to save us (and therefore you) postage. Please help us to hold down costs. Thank you!

Black History Month

February is Black History month. Take a look at the Afro-American research sessions to be offered at the OGS Convention. (See flyer in January issue.) There is also to be an Afro-American Luncheon for the first time this year.

Correction

The Report, Winter 1991, page 207 should read, 1880 Census Index of Trumbull County Ohio by Norman and Mary Lou (Keifer) Ulam "A handsome book, this index lists every head of household and any differing surname in the household."

Additions & Corrections

Our most sincere apologies to the Fairfield County Chapter, OGS - to Patsy Kishler, Neal Johnston, and others, whose names were inadvertently left off the list of volunteers who worked on the 1880 Ohio Census Index project. The Fairfield Co. Chapter was one of the very first to respond, and their county had been loaded on computer by William F. Hooker as early as 1985, and then we (OGS) had seven years to forget the names of these fine workers. Their efforts are surely not forgotten. Thank you.

Thank You Note

I wish to express my sincere appreciation to all the OGS members who sent notes and cards during my recent illness. It is a joy to work with such wonderful people. Teresa Klaiber, Zanesville District Trustee.

Brian D. Harney, treasurer of the Kentucky Historical Society and past secretary of the Historical Confederation of Kentucky, will be the speaker for the COMGEN luncheon on Thursday at the Ohio Genealogical Society convention April 23-24 at King's Island.

Karmen Hatchett will discuss Family History Centers in two sessions: "Accessing Previous Research: IGI, Ancestral File and the Social Security Death Index" and "Computer-Assisted Genealogical Research at a Family History Library." Danja Kindiger Schaeffer will speak on "Adoption Research With and Without the Use of the Computer" and Pat Donaldson, a computer user for just two years who is writing a book, will speak on "Overcoming Your Fear of Computers."

ON-LINE DATABASE COOPERATION

The Autauga Genealogical Society and the StarScan bulletin board in Montgomery, AL, have teamed up to provide an on-line database for Autauga County.

The society has between 75,000 and 80,000 records covering the period from 1820 to 1900. These records are mainly indexes of (1) land records (2) marriages (3) orphan's courts (4) wills and estates (5) commissioners' records. In addition there is a file containing all marked graves in Autauga County and a consolidation of indexes from some 40 to 50 publications. This file gives a reference number for the publication title and a page number and contains some 10,000 names.

There also is a surname file that contains the surnames being searched by the more than 200 AGS members. The data is not intended to be a complete source of information, but a starting place to guide you to actual records. More data is being prepared.

"We think we have a world's first," said Larry Nobles who wrote the dBase III+ menu programs for the data that occupies about 14 megs of space on the bulletin board. "If you know of anyone who has anything comparable, please let us know. We would like to compare notes. If we can be of help about our system, or anything else, please let us know."

Tom Jones, sysop of StarScan, said there have been calls from all over the U.S. to try it. "Wouldn't it be GREAT if all of the genealogy clubs across the nation would do a similar project," said Jones. "If the information could be put in a standard form like these dBase files, they could be shared or even put on CD-ROM for widespread distribution."

Dial Starscan at 205-279-7313. First-time callers are permitted to use the database. The AGS address is P.O. Box 668, Prattville, AL 36067.

CAPTURED FROM NEWSLETTERS

MAMMOTH PROJECT: Joe Bosserman wrote a plea in the newsletter of the Miami Valley Genealogical Society for volunteers to help enter data for his masterfile of persons born before 1850. Presently ninety percent of the 80,000 records pertain to Darke and Miami counties with a sprinkling of Montgomery, Preble and Shelby counties. Bosserman already has entered census data from 1810-50, cemetery records and many vital records. Each record shows the person's name, soundex code, type of event, the year, and source of information. This has been a private effort, but Bosserman would like to see it made public and free to genealogy societies in the Miami Valley. Contact Joe Bosserman, P.O. Box 14, Covington OH 45318. Tel. 1-513-473-2525, or the Miami Valley Genealogical Society, P.O. Box 1364, Dayton, OH 45401-1364.

Speaking Relatively, East Cuyahoga Chapter: The Computer Corner of V. 16, No. 4 (1991) notes that you should use caution in buying computer equipment. "Don't get sucked in by ads you see in the newspaper and magazines for a very low price. In most cases these do not include a monitor or printer. Shop around. Be an informed consumer. Above all, compare apples with apples. Don't just compare price. Make sure each system you look at has the same parts to it."

SEMINAR AT WESTLAKE

More than six genealogy software programs will be demonstrated at a seminar of the Computer Interest Group of Cleveland District on Saturday, March 21, at the Church of Jesus Christ of Latter-day Saints, 25000 Westwood Road (east of Columbia Road), Westlake. They include PAF, Roots III, Family Tree Maker, Brother's Keeper, Your Family Tree and Reunion for Macintosh. A $7 donation is being requested for the seminar from 9:30 a.m. to 3 p.m. Speakers will include Brian Harney, William Allen and Harry Liggett. Contacts are Marjorie Kern, 2165-467-5483, Carol Rees 216-331-6713 or Dr. James Bowman 216-381-2459.

WHERE TO WRITE: For COMGEN information, write to Harry Liggett, 544 N. Firestone Blvd., Akron, OH 44301. Tel. 216-724-5808.

PRESIDENTIAL CANDIDATES (ONE TO BE ELECTED)

QUESTION: If you had to choose one facet of OGS which you feel needs strengthening, what would that facet be, and how would you implement it?

BOWMAN, Mary L., 2565 Pleasant Hill Rd., Athens, OH 45701
Occupation: full time volunteer
Background: Currently OGS Trustee-at-Large
Fellow, OGS
Chair, 1880 Census Indexing Project
Chair, OGS Grants Committee
Leader, Elder Hostel program on genealogy
Leader, Ohio University, Genealogy Week
Speaker at many local, state, nat'l geneal. mtgs.
Past Pres., Sec'y., Treas., local geneal. soc.
Past editor, Athens Co. Geneal. Soc. newsletter
Member, Athens Co. OGS First Families committee
Publications: Athens Co. Birth Records, v.I;
Civil War Veterans of Athens Co.
many others

Answer to question: Organizations thrive or die based on service to their primary constituents which, in our case, is our membership. In order to provide quality service, we require long-range plans which reflect those membership needs and interests, as well as the realities of available resources.

Our long-range planning could be strengthened by: 1. seeking greater membership input; 2. instituting marketing strategies and analysis; 3. developing priorities of services, in conjunction with cost/benefit analysis; 4. including the development of alternative resources (e.g. grants) for existing and/or future programs; and 5. continuing to emphasize the invaluable input from all OGS volunteers.

FENLEY, Ann, P.O. Box 14296, Dayton, OH 45413-0296
Occupation: genealogist
Background: President, Montgomery Co. Chapter, OGS
Contributor Ohio Records and Pioneer Families, Association of Professional Genealogists Qtrly, National Genealogical Society Qrtly.
Active supporter of open records and freedom of information.
Former Deputy Clerk of Courts, Lake County, Ohio.
Publications: Ohio Open Records Law and Genealogy
Emerick Family N.L.

Answer to Question: Good will. A strengthening of good will can lead to improvements in other facets of OGS. As president I would demonstrate fairness and consideration and be responsive to the concerns of all members and chapters. I would initiate a survey to assess the needs of the chapters, particularly those that have been in crisis situations. I would ask the trustees to abolish the nonmember admission fee at the OGS library to restore good will with funding agencies while complying with state law. I would strive to establish good will with other organizations whose goals are compatible with those of OGS.

TRUSTEE-AT-LARGE CANDIDATES (3 to be elected)
(*)=incumbent

QUESTION: If elected, what three long-term goals do you think would be the most beneficial for OGS and why?

ABELL, J. Richard (*), 2340 Victory Pkwy #9, Cincinnati, OH 45206
Occupation: Head, History Dept., Public Library of Cincinnati and Hamilton Co.
Background: Currently OGS Vice-Chairman, Bd. of Trustees
Chair, OGS Library Advisory Committee
Past Chair, OGS Long-Range Planning committee
Member, Hamilton Co. Chapter, OGS Board
Education: BA, Wilmington College; MS in LS, Case Western Reserve University.
Have served at times on the boards of various not-for-profit societies, including genealogical societies.

ABELL, J. Richard Continued

Publications: various journal articles
Abell, Abel, Able Families of South Carolina: Records and Letters (with W. R. Abell)
Answer to Question: I - Plans are needed for: completion of fund raising for the library addition at headquarters; restoration of the Bushnell House; endowment to support maintenance of the building; endowment for library support; and architectural planning for present and future needs.
II - Mutual support between OGS and the chapters needs to be broadened and strengthened through careful planning by both OGS and the chapters at such events as the Management Seminar, Annual Convention.
III - OGS by-laws call for the Society to support endeavors and preservation activities of value to genealogists. The Society should coordinate these efforts with other societies having similar interests.

ARLEDGE, Tacy A., 11000 Judas Rd., New Holland, OH 43145
Occupation: professional genealogist; also employed at Scioto Downs.
Background: Chair, OGS First Families of Ohio
Former OGS District Trustee
Secretary, Council of Ohio Genealogists
President, local chapter, Natl. Soc., Daughters of 1812
Member, FFO, First Pioneers of Ross Co.
Trustee, Ross Co. Geneal. Soc..
Member of numerous OGS chapters; assisted with OGS conventions since 1986; speaker, National Geneal. Soc., many OGS chapters, including FL and CO.
Publications: The Name is Jones; 1880 Vinton Co., Ohio Census; Hist. and Desc. of Isaac Arledge. History columnist for Chillicothe Gazette.

Answer to Question: As FFO Chairman, I'd like OGS to both safeguard the FFO files and also make them more accessible. Up-to-date comprehensive microfilming and computerization of data would accomplish these goals, enhancing the value of the records and of OGS. Computerization of OGS Bible records, surname cards, and 5-generation charts would have obvious benefits.
Growth of OGS--not only in membership, but also in financial security, expanded library facilities and services, and undertaking of special projects--is vital. Participation of our children and grandchildren--tomorrow's researchers--should be encouraged. Increased membership brings increased resources and ideas, ultimately benefitting all Ohio researchers.

HIDINGER, Nancy Carol, 2621 Lexington Ave., Lexington, OH 44904
Occupation: Keeping books and tax records for business; was a secretary for 13 years
Background: Volunteer at OGS library: at front desk, Newsletter volunteer, catalog family history books, worked on processing of manuscripts, assisted in indexing and proofreading of 1880 census.
Member, Richland Co. Computer Interest Group.
Helped with Richland Co. Marriage indexing.
Member of OGS
Publications: Abstracts of 1889-1896 Armstrong Co., Pa. newspaper (in preparation)

Answer to Question: OGS is gaining financial security. By November of 1992 we will hold title to the Bushnell House and an endowment fund has been established. Now it is important that we strengthen these assets. As a long time volunteer I see it is urgent that we complete raising funds to build the addition to the library. Our library acquisitions have nearly doubled in the past four years. Our growth has been phenomenal. We must increase our endowment, explore grant funding, and maintain high standards of service to our membership at large by publishing materials of state wide interest.

VANDERSALL, Lloyd K., 1448 S. Kohler Rd., Orrville, OH 44667
Occupation: Translator and conference interpreter for Defense Dept. 38 years (Arabic, French, Farsi)
Background: member of OGS last five years;
Wayne Co. Chapter Treasurer 3 years
Researched, answered most of the 90+ queries for Wayne Co. Chapter each year; index surnames, requesters; presents programs for local chapter
Member, ALA, 37 years
Education: MLS, Chicago, 1951.
Publications: collecting, indexing some 34,124 births in Wayne Co. prior to 1867 (in preparation; will take four more years); Six dictionaries for U.S. Government; Vandersall genealogy; Articles on the Middle East

VANDERSALL, Lloyd K. Continued

Answer to Question: I think the three most beneficial long-term goals for OGS are:
Helping and encouraging more and more members to trace their own family genealogy and put a copy on file at the OGS library so all can benefit; then each one help another beginner get started. Continue the OGS role in noting and combatting efforts by local court houses, et al, to restrict or deny access to basic genealogic records. Increase efforts to encourage local chapters to find, index and publish hitherto inaccessible records -- now that computers are so easily available.

WILMS, Jocelyn Fox, 3430 Rebecca Dr., Canfield, OH 44406-4726
Occupation: retired
Background: Mahoning Co. Chapter, OGS: charter member, past corr. sec., vice president, president; currently Treasurer.
Currently Chair, OGS Speakers Bureau
1986 OGS/NGS Convention Registration committee; 1987 OGS Convention Exhibits Chair
Editor, Mahoning Co. Chapter newsletter, 1978-present
Speaker at various chapter meetings, seminars.
Publications: Mahoning Co. Marriage Records, 1846-1870
Mahoning Co. Guardianship Records, 1846-1860

Answer to Question: Library Expansion: A fund raising drive is needed to raise money to enlarge the library building, both for the patron's use of the facility and to make room for the ever growing collection.

Membership Growth: Many people start their Ohio research by first contacting a Chapter. If the Chapter doesn't respond they lose a prospective member and so does OGS. Guidelines should be established to assist Chapters in answering research requests.

Computerization: Our members should be made aware of the advantages of using computers, in their own work and as Chapter volunteers. Perhaps OGS could sponsor workshops around the state.

CANDIDATES FOR DISTRICT TRUSTEE, DAYTON DISTRICT

QUESTION: How would you improve communications among the chapters of the Dayton District and between the district and the state organization?

LINDSEY, Barbara, 4087 Gardenview Dr., Beavercreek, OH 45431
Occupation: homemaker
Background: Greene Co. Chapter, OGS President, 1990,1991;
Corresp. Sec'y, 1992; Recording Sec'y.1989; Volunteer, Greene Co. Room
Member, Greene, Lorain, Ashland Co. Chapters, OGS
First Families of Lorain, Ashland Counties.
Active with 1991 OGS Leadership Seminar.

Answer to Question: I would send a letter of introduction to each chapter. I would follow with regular contact via telephone or meeting attendance by invitation. I would make myself available to discuss whatever arises and would be a good listener. When necessary, I would do my best to give whatever assistance was needed. I would keep the state organization informed of the health and happenings of the chapters, and keep the chapters informed of the state organization's happenings.

WATTON, Alan, 569 Acorn Dr., Dayton, OH 45419
Occupation: teacher in mechanical engineering technology, Sinclair Community College
Background: Montgomery Co. Chapter, OGS President, 1990,1991; Recording Sec'y, 1988,1989; Chair, Education Committee, 1987; Chair, Montgomery Co. Chapter OGS cemetery book, 1992
Active with Spring Jamboree, 1990,1991
Publications: numerous; none in genealogy.

Answer to Question: Special circumstances, as many know, have made communications something less than ideal in the Dayton District among the Chapters and with the state organization. Several measures to improve the situation come to mind. One would be for the District Trustee to visit the various chapter meetings on a rotating basis. Another would be to hold luncheon meetings from time-to-time among the Chapter Presidents and the District Trustee. The third would be for the district Trustee to regularly attend OGS Executive Board meetings in Mansfield. If elected, I would endeavor to make use of all three approaches.

Jacoby Research Offer

An 11 year search for Jacoby Family Genealogy by Henry Sylvester Jacoby has ended. The flyleaf says "Jacoby Family Genealogy, a record of descendants of Pioneer Peter Jacoby of Bucks County, Pennsylvania". It also states the Committee on Publishing was Clark E. Jacoby, Kansas City, MO and Clinton B. Jacoby, Secretary-Treasurer, of 42 W. Elizabeth Avenue, Bethlehem, PA. It is dated 1930, 666 pages long. I am willing to look up any information in this book if you will send the usual SASE along with your request. Also, I'm interested in hearing from anyone researching JACOBY, mine were in Stark Co, OH. They came from PA. L. JoAnne Bailey Stallman, 6950 T. R. 551, Holmesville, OH 44633.

Instructions for Submitting Queries

1. Submit only one query at a time. Member ship in OGS allows for one query per year. You may submit more than one query card, but they will only be used if space permits. The Query Editor may combine 2 or 3 very short query cards to form one larger query, if room permits.

2. Write your query on a 3x5 card or U.S. postal card. Include your name, address and membership number at the top of the card.

3. Type your query, if possible. If this is not possible, use your best penmanship.

4. Limit your query to about fifty words, not including your name and address.

5. Type or print all surnames (surnames only) in all capital letters.

6. Limit your query to one genealogical problem involving no more than three or four surnames.

7. Do not use abbreviations that could be misunderstood. The editor will provide abbreviations where necessary.

8. Do not submit a second query until your previous query has been published.

9. Mail queries to: Query Editor, OGS, P.O. Box 2625, Mansfield, OH 44906-0625.

10. Use the query column to increase your genealogical knowledge and to help others. When you read a query mentioning one of your surnames, take time to contact the originator to see if you help him/her.

FFO Update

Effective May 1, 1992, there will be some changes in the FFO rules and procedures.

First, the date to prove residency in OH is now 31 Dec 1820. Previously, it had been 31 Dec 1819, but by allowing the use of the 1820 census, it seemed only reasonable that other 1820 proofs be allowed. Therefore, if you have had an ancestor denied for FFO that was in Ohio in 1820, please resubmit the name (your material is still on file).

If your ancestry traces to native Americans or enslaved blacks, you are no longer refused admittance on the grounds of not being able to prove both a given name and surname. This applies to both males and females. Therefore, if you have an ancestor named simply Toby or Running Wind, they would now be eligible for FFO. However, it is the responsibility of the application to PROVE the ethnic background of the ancestor.

In order to bring FFO requirements in line with other hereditary/lineage organizations, applicants are now required to show documentation for dates listed on the form. If you state an ancestor was born at a certain time (even if only "circa"), you must include that source, whether it be a death record, tombstone date, or an approximation from an early census. FFO membership will NOT necessarily be denied if there are blanks on the application form, but if you list a date you must now show the source for that date.

And finally, if you find that someone else has already proved an ancestor of yours, you are required to prove only to your common ancestor. If you prefer to have your file complete to the ancestor, you may of course submit data to that point.

Newspaper Genealogy Column Writing Workshop Set

The Newspaper Genealogy Column Writing Workshop, to be offered for the first time at the NGS Conference in Jacksonville, is open to present columnists and to everyone who would like to write a column in their local area. Sponsored by the Council of Genealogy Columnists, it is scheduled for Wednesday, 29 April from 9:00 a.m. to 12:00 noon.

This workshop provides an unusual opportunity for participants to work closely with a full time member of the press who specializes in feature writing and editing. Mrs. Judy Johnson, Feature Editor with the Shreveport Times and a judge of the CGC Excellence in Writing Competition for two years, will be the workshop leader. Topics to be discussed include:

- Differences between writing columns and other types of activities in newspapers
- Developing and sustaining your relationship with your editor
- Building your readership
- The importance of content diversity
- The importance of presentation
- Taking a stand
- Developing your own unique voice

Those presently writing a column are asked to submit in advance two different columns for evaluation, and to bring other examples to the workshop.

The number of participants is limited to 30. A registration fee of $30.00 should be sent to Aulena Scearce Gibson, 3607 Arlington, Lawton, OK 73503 no later than 1 April 1992.

Cemetery Abuse Is A Crime!

Serious vandalism in the Woodlawn Cemetery prompted an editorial in The (Toledo) Blade on December 21, 1991. Using this article as a springboard, Lolita Guthrie, your OGS cemetery chairman, asks each of you to make a phone call or write to your State Representative in support of strong, pending legislation.

House Bill 555's purpose is "to amend section 2909.05 of the Revised Code to increase the fine for vandalism of cemeteries and other memorials to the dead.

(C) No person, without privilege to do so, shall knowingly cause serious physical harm to any tomb, monument, gravestone, or other similar structure that is used as a memorial for the dead; to any fence, railing, curb, or other property that is used to protect, enclose, or ornament any place of burial, or to a place of burial. For the purposes of this division, "serious physical harm" means that the amount of physical harm involved is three hundred dollars or more in value.

(D) No person, without privilege to do so, shall knowingly cause physical harm to a place of burial by breaking and entering into a tomb, crypt, casket, or other structure that is used as a memorial for the dead or as an enclosure for the dead.

(E) Whoever violates this section is guilty of vandalism, a felony of the fourth degree ..."

Violation of division (C) or (D) of this section is punishable by a fine of up to $5,000 in addition to the penalities specified for a felony of the fourth degree ...

Please lend your voice of support to proposed law.

Contact Barbara Rutledge of the Lawrence County Chapter if you are interested in attending a proposed computer seminar on March 21 or another Saturday in April in Ironton. Send SASE.

President's Message

The Ohio Genealogical Society is the largest state organization in the nation. Our combined membership (OGS and 102 Chapters) is in excess of 22,000. As OGS started to grow, it became evident that the President could not keep in touch with all the chapters - much less the membership. District Trustees (originally District Vice-Presidents) were elected to assist the President in maintaining contact with chapters and members. If your district does not have a candidate for trustee, please consult with a likely candidate and write their name on the ballot. Be sure to get your ballots to OGS Headquarters by April 3.

Judy Bishara, Vice-President, is the liaison with out-of-state chapters. She also handles the Chapter Management/Leadership Seminars held annually to help chapters manage their organization. Various topics are covered: officer and committee chairmen sessions (Handling correspondence and queries, membership, newsletters, publishing and publications, etc.). Each year Judy asks for suggestions for future seminars. The 1992 seminar will be held in Hillsboro on August 1. Watch the Newsletter for details and DO ATTEND.

"OHIO - The Melting Pot" is the theme for the 1992 OGS Conference at King's Island, April 24th and 25th. Jean Nathan, Chairman of the Conference, and all her committees are "ready and waiting" our arrival. With five (5) sessions each hour, there is plenty for everybody including a Riverboat Cruise and Brunch on Sunday morning. Registrations are due April 1. If you haven't gotten yours in, do so now.

One of the goals of The Ohio Genealogical Society is to preserve records - our heritage. Beverly Schumacher is chairing a committee to publish a statewide index to marriage records through 1820. This project is targeted to be completed in June. Some chapters are already in - is yours? If not, contact Beverly immediately to get instructions and return them to her as soon as possible.

Society of Ohio Archivists Workshop

The Society of Ohio Archivists will present a workshop, Friday, April 17th, from 9:00 a.m. to 12:30 p.m. entitled, "Sources for Genealogical Research in Ohio" at the Ohio Historical Center, Columbus. The workshop will feature experts in genealogical sources from Cleveland, Columbus and Cincinnati regions. Information will also be provided on the 1920 United States Census and computer programs for genealogical research. The cost of the workshop is $30 for S.O.A. members; $35 for non-members. For a registration form, please send a self-addressed, stamped envelope to Barbara Floyd, The University of Toledo, Toledo, OH 43606. Enrollment is limited so please request the form and register early. No phone registrations will be accepted.

COMGEN Convention Announcement

COMGEN is looking for a few more good men and women to help out in the computer suite at the convention. We're also inviting your computer to join you there. If you and/or your computer are interested in helping out, write Sunda Peters at OGS.

Convention Computer Sessions

COMPUTER ASSISTED RESEARCH AT THE FAMILY HISTORY CENTERS - PART I AND PART II. Family Search is an automated system of family history information. It is distributed by the LDS Church to its Family History Centers on CDROM. This means you can't ruin anything by hitting the wrong keys. In these sessions, we will discuss in detail the different components of the Family Search system, how to use the programs and some special approaches for getting more information out of the system. Some of the information contained in the Family Search is duplicated on fiche and some is not. Even with the part that is available on fiche, additional information can often be gleaned by the computer approaches. Some of the components of the Family Search program to be discussed are: Family History Library Catalog (FHLC) - catalog of all books, films, fiche, tapes, etc. at the Salt Lake Library; Ancestral File (AF) - a family-linked file of contributed genealogies containing names of over 9 million persons; International Genealogical Index - a world-wide index of more than 150 million names connected to specific genealogical events (mostly birth and marriage); Social Security Death Index - index to deceased persons who were issued U.S. Social Security numbers and had their deaths reported to SS; Military Index - index to information on individuals who died in the Korean and Vietnam Wars.

Ohio Church Records Survey Project

It has been some time since you all have heard from me on how the project is going. Allow me to answer a few questions and bring you up-to-date on our progress. First, both the actual surveying of the church records by our members and the responses to your questions from me or other committee members are going slowly. I know that many of you are currently working on this project, and we all appreciate your efforts. When you have selected a contact person for your county, please send me a note to that effect with their name, address, and telephone number. Even if you think that you have already given me that information, please send it again.

Some areas of concern or questions are:

1. Mailing surveys to churches. Please schedule an appointment for an in-person interview with an appropriate church official or employee. Mail surveys do not work. Responses and rate of return are too low. We are trying to be comprehensive.

2. Scope. We wish to survey all churches in the state of Ohio. Each "congregation" should be visited. Local chapters are asked to perform this work. Other members of the OCRS committee will be contacting major historical/archival institutions in the state for their holdings. If you know of defunct churches, we wish to know where their records are as well. If the county historical society or some other local group has custody of Ohio church records, we would need a survey form filled out for each congregation's records at that local repository as well. Denominational archives within the state will be surveyed by OCRS committee members.

The local chapter needs to be concerned with current churches in their county, defunct churches of their county where there are known extant records, and records held in local historical/archival institutions. The OCRS Committee will survey Ohio historical/archival institutions serving more than one county, denominational archives, and other agencies not identified as a part of the work of the local chapters. We can use all the help we can get. If any of our out-of-state members know where defunct Ohio church records are located, please forward this information to Michael Clegg at the address below.

3. Where can I get survey forms? OGS HQ can provide a copy of the survey form, chapters are asked to make additional copies. It would be appropriate to include the OGS logo on the form when copying to lend it a more official look. I can also supply a copy of the form.

4. Progress report. I have received forms from Ottawa, Delaware, and Williams counties, as well as for Sharon Twp., Richland County. Many other counties are in process. Please let me know where you are. Send you completed survey forms to me at the address below.

5. Contact: Michael Clegg, P.O. Box 10931, Ft. Wayne, IN 46854.

Additional 1880 Census Volunteers

We want to thank the following people, members of the Fairfield County Chapter, who worked on the 1880 census index for OGS, but whose names were apparently missed in our search for all of the people who helped. The volunteers were Thelma Dilliard, Margaret Johnston, Neal Johnston, Patsy Kishler, Jim O'Dell, Joan O'Dell, Betty Pearce, and Virginia Robinson. Thanks to all of you for your assistance. Your contribution will be appreciated by many for unnumbered years to come.

Afro-American 1992 Conference

The 15th Annual Afro-American Historical and Genealogical Society 1992 Conference will be held April 2-4, 1992 at Sheraton North, 903 Dulaney Valley Road, Baltimore, MD 21204. The theme for the conference is "Dispelling Myths: Discovering New Worlds." For additional info, write AAHGS, P.O. ESSENTIAL COMPUTER SERVICES IN LIBRARIES

By KAREN SENDI
(Interim Head of Reference Services, Carlson Library, University of Toledo)

Libraries have been using computers for a long time, although that use has not been highly visible until recently. Libraries frequently embrace new information technology before most other areas of society but rarely does an old technology vanish overnight. Some libraries, for example, have been using computers for more than fifteen years to catalog materials - only to generate the old 3 X 5-inch cards for the card catalog drawers! Today, however, the traditional card catalog is giving way to the Online Public Access Catalog or OPAC. Unlike behind-the-scenes cataloging, the OPAC is a highly visible application of library automation which greatly enhances a patron's access to information in the library.

Like the traditional card catalog, the OPAC contains information about which books on a particular subject the library owns. Many OPACs include information not only on which books, but also which journals, newspapers, magazines, microfilms, video-cassettes, records and data files the library owns.

A library patron can search for information in the OPAC in many ways, usually by author, title or subject. Many OPACs also have keyword searching capabilities which means that a word can be entered from the terminal keyboard and the computer will look anywhere in every item record of the catalog for occurrences of that word. Very complex search statements can be constructed with keywords. For example, a patron could look for passenger lists published in London in 1920.

Some OPACs even display the circulation status of items, letting a patron know if a particular book is available on the shelf or, if it is checked out, when it is expected back. Printers are often attached to OPAC terminals, allowing patrons to "dump" (print) the screen information to paper.

Many libraries provide dial-up access to their online catalogs, which enables a person to browse the catalog from home. Using a personal computer with a modem, a person can dial the number for the OPAC computer and perform the same search as if he were in the library. Many OPACs also include "reserve" functions, allowing requests for materials to be held for patrons.

Another essential computer service in most libraries is OCLC. Located in Dublin, Ohio, OCLC is a computerized library network originally designed to make the materials of member libraries in Ohio available to individuals at other libraries. This was accomplished by developing an online library network consisting of subsystems such as a union catalog and an interlibrary loan request component. Currently OCLC is an international network and contains more than 20 million entries representing materials at more than 10,000 libraries.

Libraries use this network for many library functions. Library patrons use OCLC to verify or complete bibliographic information and to determine which libraries own specific materials. Many researchers use OCLC for interlibrary loan requests. With the advent of the FAX machine, OCLC libraries are experimenting with FAXing photocopies of magazine articles to researchers.

Another resource offered in libraries is access to commercially available online databases. An online database is usually on a specific subject and can contain bibliographic, numeric, full text or directory information. These databases are generally not searchable by the library patron because they involve a fee, thus librarians do the searching for patrons. Many databases are collected by a few major vendors, e.g. DIALOG Information Retrieval Services.

There are several kinds of on-line databases, the most popular being indexes and directories.

A directory database of interest to genealogists is the American Library Directory. A researcher might use this online directory for creating mailing lists and labels. The librarian could search for special collections in a particular state and download the address information to a floppy diskette. The genealogist could then load the resulting address information to his own file. A good researcher will not only take pencil and paper to the library, but also formatted diskettes!

While these databases require the intervention of a librarian, many libraries provide databases that patrons can search with little assistance, namely CDROM. CDROM is an acronym for Compact Disk Read Only Memory. These disks are much like compact disks you buy at the music store except they contain text and sometimes graphics. Libraries are investing heavily in CDROM because library patrons can search the CDROM themselves without incurring online database searching costs.

Automated Archives in Utah is putting data useful to genealogical research on CDROM. The firm is scanning entire documents like genealogies on CDROM, and making these CDROM databases available at reasonable costs.

The Library of Congress, National Archives, Bureau of Land Management, Family History Library (IGI) and others have ongoing CDROM projects of interest to genealogists.

DOLLARHIDE AT CUYAHOGA COUNTY SEMINAR

"A Day with Dollarhide" is scheduled for Saturday, May 16, at the John Knox Presbyterian Church, 25200 Lorain Road, North Olmsted, OH.

William Dollarhide will discuss using census records and deed records and will demonstrate his genealogical software, "Everyone's Family Tree." The program begins at 10 a.m. and continues to 3:30 p.m. with a break for lunch at 12:10. Coffee, tea and fruit drink will be provided. You can brown bag or go to local restaurants. Displays will include hard to find genealogical books and forms.

The program is sponsored by the newly organized Cuyahoga County Council of Genealogical Organizations that includes six OGS chapters and the computer interest group. Proceeds, after expenses, will go to OGS and Western Reserve Historical Society.

To pre-register, send a postcard only or 3X5 card to Mrs. Lois Ippolito, 5320 Sherwood Drive, Fairview Park, OH 44126. A $5 donation will be accepted only at the door on the day of the program.

CAPTURED FROM NEWSLETTERS

Franklintonian, Franklin County Chapter: The February, 1992 issue reports that the Computer Interest Group (CIG), which meets the second Wednesday of each month, is currently evaluating computers and reviewing data software. For those with a modem, Carol Montrose operates the Genealogy Hotline Bulletin Board (614-855-0955). This board carries a number of genealogy echos and many genealogy "help" files for downloading. Contact the CIG for information on other bulletin boards, and on purchasing computers and software.

Kalamazoo Valley Heritage, Kalamazoo, MI, lists goals of its computer interest group in the December 1991 issue. Goals are (1) to provide a forum for those interested in genealogical computing (2) act as a support group for would-be computer owners and those wanting to try new programs, and (3) compile a collection of publications and shareware disks that would be available for sharing among members.

(Our comment: They might have added a goal to aid their chapter with advice on newsletters, entering data for books to be published, and producing brochures and fliers with graphics.)

NEW CHAIRMAN OF NGS-CIG IS OGS MEMBER

Everette Smith, a professional business computer consultant in Harford County, MD, has been appointed chairman of the Computer Interest Group of the National Genealogical Society. Mr. Smith lives in an old log farm house built in 1742 in Harford County. He has been involved in genealogy for 30 years and has 10 years of experience in the computer industry. He also is a member of the Ohio Genealogical Society.

CD-ROM FOR SOME PENNSYLVANIA NEWSPAPERS

Joining the ranks of commercial vendors of genealogical data is Accessible Archives of 697 Sugartown Road, Malvern, PA 19355. The firm will offer 18th and 19th century vital statistics from newspapers published in Berks, Bucks, Chester, Delaware, Lancaster, Montgomery and Philadelphia counties in Pennsylvania. The database will carry the full text of all marriage announcements, death notices and obituaries from selected newspapers. The database is scheduled for release April 1 and will sell for $350.

SEE YOU AT THE CONVENTION

Be sure to visit COMGEN at the OGS convention at King's Island on April 24 and 25. The COMGEN luncheon will be on Friday and there will be much to see and hear about computer genealogy. If you can help, stop by COMGEN and give us a hand.

President's Message

At the Board meeting on March 29, 1992, the budget for 1992-93 was passed. Diane Young, past president of the Greater Cleveland Chapter, will be the Chairman for the 1993 Conference in Independence (suburb of Cleveland). Our attention was called to an Attorney General's Task Force to begin a study of public records laws and address the open meetings (Sunshine) laws. We will follow this closely. New OGS pins will be available at the conference at Kings Island.

This is my last message as President of OGS. Your new President will be in office next month. I have thoroughly enjoyed these past four years, have met many wonderful fellow genealogists, and deeply appreciate all the support I have received.

I have many people to thank. Some are: Judy Bishara, Vice President and Liaison with out-of-state chapters, and all the District Trustees: Robert Andrews, Lynn Arnold, Jana Broglin, Arline Dowds, Ruth Emmons, Robert Hamilton, William Havens, Rebecca Hill, William Hilty, Teresa Klaiber, Shelvey Madama, Helen Rhoten, Barbara Rutledge, Timothy Smith, and Robert Strock. Without their help, the Office of President would be virtually impossible to fulfill.

Our biggest accomplishment was the completion and publication of the 1880 Federal Population Census Index. This was accomplished only by the heroic efforts of Mary Bowman, who spent over five years seeing this project to completion.

With the help of a very able committee, Elizabeth Smith, Nancy Aiken, Mary Bowman, and Julie Overton, we were asked and assisted the Department of Health in rewriting a bill in order to keep vital records open. Lolita Guthrie and Teresa Klaiber worked with the Ohio Historical Society in rewriting a bill to protect cemeteries.

Our Church Record Survey was begun by the Chairman, Michael Clegg, and Beverly Schumacher is chairing the committee to publish a statewide index to marriage records through 1820.

Our conferences continue to be extremely successful, much to the efforts of the conference chairmen:

1989 - Nancy Applebee, Cleveland (Independence)
1990 - Julie Overton, Columbus
1991 - Diane Gagel, Toledo
1992 - Jean Nathan, Cincinnati (King's Island)

Our Education Committee was chaired by Jana Broglin for two years and then Tacy Arledge continued. Tacy added the Art Division to the original Essay Contest. She reported a large number of entries this year.

Linda Navarre put a great deal of effort into the Membership Committee for four years and for two years in a row, our membership increased.

Our publications editors: Sunda Peters, who manages to get an excellent Newsletter out each month - and, also, chairs the Newsletter Competition for Chapters; Carol Bell, our quarterly "THE REPORT"; and William R. Houston, M.D., "OHIO RECORDS AND PIONEER FAMILIES" - many thanks. Jocelyn Wilms, Speaker's Bureau, has updated it every two years.

Phyllis Miller, Linda Navarre, and Barbara Reining took tours to Washington, D.C. and Salt Lake City. The tours have been tremendously popular.

Diane Gagel was Chairman of the Publishing Committee and saw the publication of the 1880 Federal Population Census Index before resigning when elected Chairman of the Board.

TO ALL OF THE VOLUNTEERS, in the OGS Library and elsewhere, you have worked diligently and quietly and perhaps think your efforts have gone unnoticed - believe me, they have not. Your dedication and interest in The Ohio Genealogical Society is very deeply appreciated.

Chapter Announcements

HENRY COUNTY GEN. SOC. has for sale Vol. 5 of the Obituaries from the Deshler Flag containing the years 1913 to 1924. $8.00 at the library, $2.00 p&h if sent by mail. The next obituary book will be for sale in June.

ASHTABULA, COLUMBIANA, HUDSON, MAHONING, PORTAGE, SUMMIT and TRUMBULL CHAPTERS will hold a district roundtable on May 23, 1992 from 10:00-3:00 (registration 9:30) at the Warren-Trumbull County Library, 444 No. Park Ave., Thomas Meeting Room. Mary Bowman will give her presentation on "Obtaining Grants" and each chapter will have an opportunity to discuss achievements and problems with running the chapter. A contribution of $10.00 from each chapter is requested to cover expenses.

GALLIA COUNTY has for sale Cemeteries of Aid Twp., $3.00, $1.25 p&h; Cemeteries of Mason Twp., $4.50 and $1.25 p&h; and Cemeteries of Gallipolis Twp., $7.00, $1.25 p&h, 6% sales tax for OH residents.

Beginning with the April meeting and continuing through 1992, the HOLMES COUNTY CHAPTER will begin a new program for its membership, especially those just beginning to research their families. Individual help will be given to those wishing to research their family in Holmes Co. Members who wish to participate are asked to come an hour before each meeting and individual help will be provided.

For all WASHINGTON COUNTY researchers, the Washington Co. Pub. Lib. in Marietta is being completely remodeled. The library will be closed for undetermined lengths of time in the upcoming months. Interruptions of service are expected. The Washington Co Chapter OGS library is also housed at the Washington Co Pub. Lib and will be unavailable for research until the construction is completed, probably the end of the year. The library's genealogical section will be available for research on a limited basis due to space restrictions relating to the construction. It would be advisable to check with the library before making a trip to Marietta to do research at that facility. Telephone 1-614-373-1057 or write 615 Fifth St., Marietta, OH 45750. They are sorry for the inconvenience, but the new improved facility will be really nice for researchers. There are many other resarch facilities available in Marietta and it is hoped researchers will utilize them in the upcoming months.

ROSS COUNTY GEN. SOC. has for sale 1850 Census of Ross County, Ohio. Contains 610 pages with complete index, includes all persons within household as well as heads of families. Cost $35.00, $2.75 p&h, 6% OH residents sales tax.

The HAMILTON COUNTY CHAPTER announces the publication of Hamilton County, Ohio Burial Records, Vine Street Hill Cemetery, 1852-1977. Vine Street Hill was also known as Carthage Road Cemetery and was established by members of the German Evangelical Churches of the Cicinnati area. It is printed on archival paper, 612 pages, for over 80,000 listings for 17,500 surnames with an every surname index, with a hardbound, library cover. Price is $34.00 postpaid. Ohioans add $1.87 sales tax per copy. Order from the Chapter.

CORRECTION - HARDIN COUNTY's cemetery book price was incorrectly stated in the March Newsletter, page 35. It should be $15.90 plus $3.00 p&h.

MONROE COUNTY CHAPTER announces that May 30th is the last chance to submit your family story for their family history book. Stories up to 500 words and one photograph will be published free; additional words and photos carry a fee. Pre-publication price is $49.00 + $4.00 p&h and $2.94 sales tax for Ohio residents. Call Opal Smith (614) 795-4450 or Karen Romick (614) 483-1029.

See chapter addressed on page 60.

The Ohio Genealogical Society has received word of a bequest from the estate of June Herman Ely, Sarasota, FL, in the amount of $5,000. Mrs. Ely, a member of OGS since 1976, passed away February 11, 1992. A winter resident of Montgomery Co., Maryland, she also was active in the National Genealogical Society and the New England Historic Genealogical Society. All her genealogical research will go to NGS. She is survived by her husband, Blaine H. Ely. Gifts of this nature are placed in the Ohio Genealogical Society Endowment Fund for the benefit of the organization.

Boat Trip Cancelled

The Ohio River boat trip, scheduled for Sunday morning following the OGS Convention, has been cancelled. There were not enough preregistrations by the cut-off date to complete the contract. We regret any inconvenience this may cause.

President's Message Continued

And last, but not least, the office staff - Tom Neel, Office Manager, a very dedicated and loyal employee; and Rosemary Bricker, a very able assistant - my most sincere appreciation and thanks. I heard many comments, traveling around the state, about the cooperation received from this office staff.

To the "car pool" from southwest Ohio, who made the trips back and forth to Mansfield most enjoyable - and the Friday nights with those who came in early - we had some great get-togethers - thank you, thank you.

Words simply cannot express my appreciation and thanks to all of you. My congratulations to our new President. I wish her much success.

Jeanne Pramaggiore, President
Ohio Genealogical Society

Ohio Historic Preservation Conference

The 4th annual Ohio Historic Preservation Conference will be held at the Renaissance Inn in Lorain, Ohio, May 28-30, 1992.

Two tracks are planned. White Elephants looks at buildings that are important to preserve but difficult to reuse, a session on Article 32 of the Ohio Basic Building Code, and another on the new Americans With Disabilities Act and its effects.

Preservation Tools covers components of an effective local preservation program, including surveys, the National Register of Historic Places, ordinances, financial incentives, easements, archaeology, and the part interested citizens can play in the review of federal projects for effects on historic properties. For complete details and a registration form, write Ohio Historic Preservation Conference, Ohio Historic Preservation Office, Ohio Historical Center, 1982 Velma Ave., Columbus, OH 43211-2497, or call (614) 297-2470.

Irish Workshop

Western Reserve Historical Society Genealogical Committee will present Paul Gorry, Professional Genealogical Researcher from Dublin, Ireland on May 3, 1992 at the Napoleon Room of the WRHS, 10825 East Boulevard, Cleveland. Registration is at 12:30 p.m. "Everything Irish" begins 1:00 - 4:30 p.m. The cost is $15.00 members and $20.00 non-members. For registration and information, call The Library - 721-5724, Ronna K. Bryant - 261-4502 or Ed & G.L. Moore - 234-7508. Reservations required.

Announcements

The St. Louis Genealogical Society will host their 23rd Annual Seminar, Saturday, June 20, 1992, at the Holiday inn Southwest-Viking Conference Center. The "Ancestral Routes to Missouri" will feature Larry O. Jensen, editor of the German Genealogical Digest, William H. Schoeffler, Director of Education, NEHGS, Ruth Ann Abels Hager, professional genealogist specializing in Missouri research, and Eleanor Canning Stroup, local author and lecturer on "Beginning Genealogy." Send SASE for registration from to the St. Louis Genealogical Society, 9011 Manchester Road, Suite 3, St. Louis, MO 63144 before June 1.

"A Day with Dollarhide" is scheduled for Saturday, May 16, at the John Knox Presbyterian Church, 25200 Lorain Road, North Olmsted, OH. William Dollarhide will discuss using census records and deed records and will demonstrate his genealogical software, "Everyone's Family Tree." The program begins at 10 a.m. and continues to 3:30 p.m. with a break for lunch at 12:10. Coffee, tea and fruit drink will be provided. You can brown bag or go to local restaurants. Displays will include hard to find genealogical books and forms. The program is sponsored by the newly organized Cuyahoga County Council of Genealogical Organizations that includes six OGS chapters and the computer interest group. Proceeds, after expenses, will go to OGS and Western Reserve Historical Society. To pre-register, send a postcard only or 3X5 card to Mrs. Lois Ippolito, 5320 Sherwood Drive, Fairview Park, OH 44126. A $5 donation will be accepted only at the door on the day of the program.

Eight state chapters of Palatines to America are sponsoring day-long Saturday meetings with informative presentations on German genealogy: May 2, Morgantown, WV, Don Garletts, 304-599-1672; May 9, Fonda, NY, Eila Schiffer, 315-245-0990; May 16, Elgin, IL, Gayla Nieminen, 815-895-8311; and May 23, Denver, CO, Tim Ostwald, 303-443-9466. The 1992 national conference of Palatines to America will be held in Lancaster, PA on June 18-20. Belmont County Chapter

Peggy Hatcher sent us a very good article from "The Barnesville Enterprise", Wednesday, March 4, 1992, page 5. The article tells about the Glen Rockwell Room at the Barnesville Hutton Memorial Library bursting at the seams, due mainly to the collection of the Belmont County Chapter, OGS. The library is expanding and the Belmont County Chapter has pledged $3,000 over a three-year period to help with this.

The article states that "Belmont County was important as a gateway county in the westward migration - from New England, across New York and upper Pennsylvania to Pittsburgh and down the river; across central Pennsylvania; up from Georgia, North and South Carolina through Virginia, Maryland and southeast Pennsylvania.

Visiting researchers come from nearly every state to use the facilities at Hutton Memorial Library. The Library also serves as the meeting site for the Belmont County Genealogical Society on the second Sunday evening of each month. Guests are always welcome. The county organization sends approximately 300 newsletters each quarter. They are received by all 200 plus members as well as other county and state chapters."

Perhaps you will want to include this library in your summer research plans.

Announcement From the Department of History Brigham Young University

A new emphasis in the B.A. degree in History has been approved effective Fall 1992 to train students at BUY not only as historians, but also to become accredited as professional genealogists through the Family History Library in Salt Lake City. In addition to the core courses required of all history majors, the B.A. in Family History-Genealogy degree will require training in quantitative history, writing family history, paleography, and advanced courses in the sources peculiar to different geographic areas.

Students will learn the time period, content, use, and availability of genealogical records. They will also learn to use computers to organize family data and learn how to use FamilySearch, the Family History Library's automated system of family history information on compact disc. Modern computer labs are available for student use on campus.

The final courses stress problem solving, report writing, and preparation for the accreditation examination in a particular geographical area, such as New England states, Midwestern states, England, Scotland, Germany, etc. Foreign language accreditation examinations require applicants to be able to read that particular language.

For further information, contact the program coordinator, Dr. David H. Pratt, 333 KMB, Brigham Young University, Provo, UT 84602.

Questions and Answers

Question: Where are the records for Pulte Medical College of Cincinnati for the years 1872-1876, particularly. Sabra-Jo Crowl of South Carolina needs help on this.

Christmas Bulbs

Tom Neel, OGS Office Manager, still has OGS's Christmas tree up. He would like to have each chapter design a bulb representative of their county (or section of a county, in Cuyahoga's case) and donate it for OGS's tree. Some counties have done bulbs they could donate. With your help, our tree will be ready for Christmas.

TIPS ON BUYING A COMPUTER

"What kind of computer should I buy?" is still a difficult question for those who are buying a computer for the first time. The amount you want to invest is the first consideration. You should be able to purchase a good computer, monitor and printer for under $2,000. The best advice is to do your homework and talk to others.

Two of the most important features in buying a computer are memory and storage space. The best rule is to buy as much of each as you can afford. Walter Mossberg, who writes a personal technology column for the Wall Street Journal, recommends 2 megabytes of random access memory and an 80-megabyte hard disk drive as a bare minimum on either a Macintosh or an IBM-compatible. If you plan to run Microsoft Windows, Mossberg recommends 4 megabytes of memory and a 100-megabyte hard drive. Sometimes a 50 percent increase in hard disk capacity can cost less than $200.

Here are features to consider:

THE COMPUTER: The minimum computer you should look for would be a 386SX with a speed of 16 or 20 megahertz. The 20 megahertz is 25 percent faster than the 16.

MEMORY: The minimum should be 2 MG (megabytes) of RAM (random access memory) and an 80MG hard disk. Memory and disk storage are confusing to new computer buyers. Computers have a way to store information you enter. Special chips called memory chips or RAM (for random access memory) provide the first storage. As you type words on the screen, they are stored only in the computer's memory chips--but it is only temporary. Memory chips can remember what's in them only when the computer is turned on, so computers also store information on disks. The disks are spinning platters that record the same kind of information held in memory chips, but they can hold much more data and it is retained when you turn off your computer.

OPERATING SYSTEM: The computer should have MS-DOS version 5.0 and Windows 3.0 installed along with a mouse.

DRIVES: It is a good idea also to get two floppy drives so you can handle both 3.5 and 5.25-inch disks.

MONITOR: You should add a Super VGA monitor with 28mm dot pitch.

PRINTER: A 24-pin letter-quality printer should cost about $300 and will perform well. If you want premium quality, you could purchase a laser printer for under $1,000.

MODEM: A 2400 bps modem with communications software would round out the equipment.

CD-ROM: Many computer buyers today also may want to add a CD drive. Much data for genealogical research in the future will be on compact disks that require the CD drive.

If you want go first-class, you can step up to a 386 computer with 33 megahertz or 486 with 33 megahertz. Microsoft vice president Brad Silverberg, quoted in the February 11, 1992 of PC Magazine, notes that "What you can buy today for $3,000 is a lot better than what you could buy three years ago. Three years ago for $2,500 to $3,500 you got a 26 mhz 286 computer with 1 megabyte of RAM and a 20-megabyte hard disk. Today it will get you a 33 megahertz 486 computer with 4 to 8 megabytes of RAM and a 100 to 200-megabyte hard disk with a Super VGA monitor.

(Robert Strock, a COMGEN board member and OGS trustee, contributed information for this article.)

CD-ROM COMES TO HUDSON LIBRARY

The Hudson Library in Summit County now has a nice collection of compact disks for genealogical research from Automated Archives. Offerings include the Virkus' Compendium of Early American Genealogy, part of the Long Island 1870 census index, an assortment of family histories, zip code directory, the Social Security death index and marriage licenses for some counties in Alabama, Arkansas, Georgia, Illinois,Indiana, Kentucky, Louisiana, Maryland, Mississippi,Missouri, North Carolina, Ohio, South Carolina, Tennessee, Texas and Virginia. The library also has the World and U.S.Atlas of Software Toolworks. Call the library at 216-653-6658 to reserve times to use the disks.

COMMODORE USERS UNITE

Do you use a Commodore for family history research? If you do, you may be interested in helping Phil Lange of Dayton organize a Commodore group for COMGEN. If you use a Commodore for genealogy, write to Phil Lange, 29 Santa Clara Ave., Dayton, OH 45405. Tell him how you use the Commodore for genealogy.

WHERE TO WRITE OR PHONE

If you have a question, need information or want to help us, write or call Harry Liggett, 544 N. Firestone Blvd., Akron, OH 44301-2254. Tel. 216-724-5808. SASE appreciated.
